The Demo Center:

The PSIC Demonstration Center is a state-of-art facility dedicated to fostering innovation, integration and interoperability in public security. The venue is specially equipped to simulate real-life scenarios and demonstrate public security technologies connected with the company's activity.

Its modern style and calming colors – orange and grey, incite the creation of a comforting working atmosphere and help ensure a smooth and successful course for your meeting, training sessions, workshop or conference.

PSIC is now offering the possibility for its members, as well as external parties, to rent the location for their special business events.
